

## Mountain View Network

The Future of Healthcare in the Snake River Valley

**IN 2020,** doctors in Eastern Idaho will have the opportunity to provide care to patients who are insured through the Mountain View Network - a tailored network health insurance plan powered by Mountain View Hospital & Blue Cross of Idaho. Thousands of Idahoans who live in *Bonneville*, *Jefferson* and parts of *Bingham County* will be covered by the plan.

**THE PLAN IS DESIGNED TO  
COORDINATE PATIENTS' CARE &  
REDUCE HEALTHCARE COSTS.**

Join the Mountain View Network. Be part of changing the future of healthcare in the Snake River Valley.

## The Benefits of Joining the Mountain View Network

**ABILITY TO SEE MORE PATIENTS.** Providers who join the Mountain View Network will be eligible to see any patient who is enrolled in the plan. This gives doctors the ability to provide care to the thousands of Idahoans expected to sign up for coverage under the tailored network, many of these may be new clients and some may be existing patients. Doctors are encouraged to join the Mountain View Network to ensure they stay in-network for their current patients and have access to the largest pool of patients possible.

**ACCESS TO DATA TO IMPROVE PATIENT CARE.** Under the Mountain View Network, providers will have access to enhanced data and analytics from Blue Cross of Idaho and Mountain View Hospital. This will give you powerful information to help you manage your patients' care and improve their health. Mountain View Network will partner with you, so you can provide the best care at a great value.

**THE FULL SUPPORT OF MOUNTAIN VIEW HOSPITAL.** Mountain View Hospital is the driving force behind the Mountain View Network. Physicians in the network can expect to receive the same level of service Mountain View currently provides to physicians in all of its other endeavors. The hospital will have a team dedicated to making the Mountain View Network a success and will be there for whatever you need.

**RELIEF FROM THE BURDEN OF REFERRALS.** Mountain View Hospital has an entire team dedicated to provide in-network referrals on your behalf! The team will complete the referral process between both providers for continuity of care and to ensure patients stay in-network. The team will also assist you with out-of-network referrals if necessary.
